**F**or many years, I have been fortunate to work for some of the most talented and hardworking people I have ever known. It has been a privilege to learn from them and to be able to pay it forward to others. I am proud to be a part of the AALL community and to be able to share my experiences with others. I hope that my story can inspire others to reach their full potential and to make a difference in the world.

What do you most enjoy about your job?
