

FAVORITE TRAVEL DESTINATION?

London. My mother grew up there, and I have been there seven times already.

REMEMBERING IT

Outside of my marriage to my wife, Colleen, which I always say was the making of me, my greatest achievement is the publication of my pandemic- UHODWHG UH" HFW in a book. The reception those UH" HFWLRQV received brought into sharp focus for me the need for authentic justice, compassion, and inclusion in our world.

FAVORITE WAY TO UNWIND AFTER A LONG DAY?

Take off my work clothes, change into something casual, and look at the newspapers I may not have been able to get to during the day (especially the funnies).

WHAT INSPIRES YOU MOST?

Seeing the positive energy of others. It's one thing for a person to say, "Look at what I have accomplished," but it's something entirely different when someone says, "I did this, and I know you can too. Let's work together to see how."
